EDUCATION

Bhai Parmanand Vidya Mandir
12th

PCM+CS(Python , Sql)
2021-2022

Institute of Management Studies, Noida
Bachelor of Computer Applications

2023-2026

EXPERIENCE

PROJECTS

eCommerce website & youtube clone | HTML & CSS

- Helped me strengthen my front-end development skills, particularly in creating dynamic layouts and understanding web structure.

Calculator app , Countdown app , Image slider app | javascript

- These project helped me refine my skills in HTML, CSS, and JavaScript, focusing on building interactive web applications and working with event listeners, functions, and DOM manipulation.

Billing app | Java

- This app is designed to help businesses manage their sales transactions efficiently, with features like selecting different items and adding up all to generate final bill.
